INT. IN A CHURCH

As wedding music plays, a young boy, age 5, wearing a tux, walks slowly down the aisle holding a pillow with rings attached to it. The young Ring Bearer walks tall with his head held high. People in the pews smile and take pictures. He looks to his right, gets blinded a bright flash, loses his footing, and falls on his face. The pillow goes flying, as do the rings.

VOICEOVER

Why put your wedding ceremony in
the hands of an inexperienced
child? It's...not...worth...it.

The bride falls to her knees at the alter, weeping with her hands over her face. Others stare down the little clumsy Ring Bearer. Tears well up in the kid's eyes.

INT. IN A LARGER CHURCH

Light, classical music plays. A man, late 30s, wearing a tux, walks down the aisle holding a pillow. He stops and addresses the camera.

RING BEARER

Hello, my name is Leonard
Shymanski, and I've been ring
bearing since I was three years
old. For over 35 years, I've been
successfully delivering rings at
ceremonies all over the world.

INSERT: At a wedding ceremony, Ring Bearer walks down the holding a pillow. He walks with perfect posture, and has a sophisticated look on his face.

RING BEARER

I've served over 350 ceremonies
without a misstep. My track record,
like my complexion, is unblemished.

INSERT: Ring Bearer approaches the Best Man at a wedding, leans down on one knee and presents him with the pillow. The Best Man is somewhat taken aback by the show of ring bearing pageantry.

Flower Girl!

Flower Girl, female, early 30s, pops up out of the pew at the church and tosses flowers into the air. She's airy and more flamboyant.

FLOWER GIRL
Hi, I'm Flower Girl, I've been
flowering for over two years now.

Flower Girl smiles awkwardly, tosses flowers every few seconds. Classical music continues to play as Flower Girl looks around unsure what else to say.

RING BEARER
But there's more. We're also super

A flash of light explodes onto the screen, and as smoke clears we see Ring Bearer and Flower Girl in the same attire as before only they've added masks and capes.

INT. IN A CHURCH - DAY

Drunk man stumbles up the steps of the a church, just as vows are being delivered by a husband and wife. As the drunk busts through the doors, Ring Bearer's head snaps back and laser beams shoot out of his eyes, right into the drunk's face, exploding his head. The Bride and Groom smile at Ring Bearer. He gives a thumbs up from his seat, then rubs his

eyes.

Ring Bearer starts swaying, as if he's dizzy.

FLOWER GIRL
What's the matter Ring Bearer?

RING BEARER
The laser beams in my eyes, they're
acting up again.

FLOWER GIRL
Oh no, not again.

Ring Bearer's eyes start to glow, as if his laser beams in
his eyes are loading up but not firing. Flower Girl puts her
hands over his eyes, but laser beams shoot out between her
fingers. Laser beams shoot throughout the church, giving it
an absurd yet heavenly and magical touch.
